

Lumenos HIA Plan Summary

The Lumenos® HIA plan is designed to empower you to take control of your health, as well as the dollars you spend on your health care. This plan gives you the benefits you would receive from a typical health plan, plus the opportunity to earn health care dollars to help offset your out-of-pocket health expenses by taking certain steps to improve your health.

Your Lumenos HIA Plan

First - Earn dollars for your HIA and use them to pay for covered services

Health Incentive Account

What's special about your Lumenos Health Incentive Account (HIA) is that you may earn funds for an account through Healthy Rewards.

Money in your HIA is used to help you pay part of your annual deductible. And amounts you don't use can rollover to the next year.

Healthy Rewards

If you do this:

- Complete the Health Assessment online
- Enroll in the Personal Health Coach Program
- Graduate from the Personal Health Coach Program
- Complete our Smoking Cessation Program
- Complete our Weight Management Program

You can earn this in your HIA:

- \$50
- \$100
- \$100
- \$50
- \$50

Some eligibility requirements apply. See page 2 for program descriptions.

Plus - To help you stay healthy, use:

Preventive Care

100% coverage for nationally recommended services.

Preventive Care

No deductions from the HIA or out-of-pocket costs for you as long as you receive your preventive care from an in-network provider. If you choose to go to an out of network provider your deductible or traditional health coverage benefits will apply. Covers nationally recommended preventive care services including screenings and immunizations for children and adults.

Then -

Your Bridge

After you use all of the money in your HIA, you then pay a Bridge amount out of your pocket until you meet your annual deductible responsibility.

Your Bridge responsibility will vary depending on how much you earn for your HIA through Healthy Rewards.

Your HIA dollars plus your Bridge amount add up to your annual deductible responsibility.

Health Account + Bridge = Deductible

Bridge

Your Bridge responsibility will vary.

Annual Deductible Responsibility

For In-Network Providers

- \$3,000 individual coverage
- \$6,000 family coverage

For Out-of-Network Providers

- \$3,000 individual coverage
- \$6,000 family coverage

If needed -

Traditional Health Coverage

Your Traditional Health Coverage begins after you have paid your Bridge amount.

Traditional Health Coverage

After your Bridge, the plan pays:

- 100% for in-network providers
- 70% for out-of-network providers

Additional protection:

For your protection, the total amount you spend out of your pocket is limited. Once you spend that amount, the plan pays 100% of the cost for covered services from in-network providers for the remainder of the plan year.

Annual Out-of-Pocket Maximum

In-Network Providers

- \$3,000 individual coverage
- \$6,000 family coverage

Out-of-Network Providers

- \$6,000 individual coverage
- \$12,000 family coverage

Your annual out-of-pocket maximum consists of amounts you spend to meet your annual deductible, including funds you spend from your HIA, and your coinsurance amounts.
